## BRICK OVEN COOKING | SEE & TASTE THE DIFFERENCE

Our custom-made brick pizza oven is made in the US, with bricks, volcanic rock and sand imported from Italy. With over 70 years' experience in the food industry, the Marra family brought its authentic design from pizza ovens in Italy, and combined it with American technology, producing an exceptional yet authentic cooking phenomenon. This unique design, with its rotating deck, ensures your selection is cooked to perfection every time. The only oven of its kind in the state, Bin 23 is proud to bring you this exclusive dining experience.
